

Comment Workshop for ANL Draft RFP DE-RP02-06CH11357

A comment workshop is scheduled for 8:00 a.m., January 26, 2006, at the Fermi National Accelerator Laboratory, Wilson Hall, Ramsey Auditorium, with respect to the subject draft RFP. Although all questions and/or comments on the draft RFP are to be submitted by February 3, 2006, prospective Offerors are requested to submit as many questions and/or comments, as is possible, prior to the comment workshop. The DOE encourages comments on the draft RFP, including suggested changes to the draft contract provisions. All comments, questions, and suggested changes must be submitted through the "Submit Questions" feature on IIPS. The Government asks that this process be used rather than letters, e-mails, and/or telephone calls. Responses, if required, will also be posted on IIPS. All potential Offerors are encouraged to attend.

If you plan to attend the comment workshop, please complete the attached form and return it directly to Jodi VonRox, Source Evaluation Board Executive Secretary, no later than 4:00 p.m. Central Time on January 23, 2006. Forms should be returned to her via fax at (630) 252-4146 or e-mail at jodi.vonrox@ch.doe.gov.
